

FRIONETT® CONTACT

INTRODUCTION

Frionett® Contact is an unscented disinfecting and degreasing detergent.

This alkaline product is intended for cleaning refrigeration facilities. It may be used in indirect contact with food, which makes it possible to clean food-sector surfaces (cold rooms, refrigerator storage, etc.) and professional kitchens.

Treated surfaces must, without exception, be rinsed with potable water after the product has been applied.

Non-contractual photo

PROPERTIES

	Frionett® Contact RTU
Appearance	Colourless liquid
Density at 20°C	1,000
