# CLEANING PRODUCTS

## Our Frionett® range

### FRIONETT® ACTIV'

Cleaning products for indoor AC units

Frionett® Activ' RTU is a ready-to-use disinfecting, deodorising (fresh scent) and degreasing cleaning product. Formulated to eliminate bacteria and algae, Frionett® Activ' is the ideal product for the cleaning and maintenance of air conditioning and refrigeration equipment (fans, evaporators and indoor units etc).

Frionett® Activ' is a concentrated disinfecting, deodorising (fresh scented) and degreasing cleaning product. Formulated to eliminate bacteria and algae, Frionett® Activ' is the ideal product for the cleaning and maintenance of air conditioning and refrigeration equipment (evaporators and indoor units etc).

Frionett® Activ' Foam is a powerful active foam intended for in-depth surface cleaning. Formulated to eliminate bacteria and algae, Frionett® Activ' Foam cleans, degreases and removes foul odours from air conditioning (wall and ceiling units) and refrigeration equipment (evaporators).

Frionett® Activ' One Shot disinfects the air in enclosed spaces and can be used to treat ventilation ducts. Its new fragrance-free formula combats contained viruses including coronavirus. It is recommended for both preventative and curative uses.

Bactericide: EN 1276 & EN13697 in 5 minutes at 20°C (tested on *Pseudomonas aeruginosa*, *Escherichia coli*, *Staphylococcus aureus*, *Enterococcus hirae*) (on a cleaned surface).  
Fungicide: EN 1650 & EN13697 in 15 minutes at 20°C (*Aspergillus Niger*, *Candida albicans*) (on a cleaned surface).

Bactericide: EN 1040, EN 1276, NF T72-300 (*Salmonella typhimurium*, *Listeria monocytogenes*), EN 13623 (*Legionella pneumophila*). Fungicide: EN 1275 (*Candida albicans*)

### FRIONETT® POWER ULTRA

General purpose cleaning products for external units

Frionett® Power Ultra RTU is a powerful ready-to-use general-purpose degreaser for all smooth surfaces, containing a light scent. This alkaline product is intended for the professional cleaning of refrigeration and air conditioning equipment: heat exchangers (evaporators, condensers) etc.

Its cleansing and degreasing power eliminates dust, grease and other dirt, optimising the exchanger's heat transfer and restoring performance.

Frionett® Power Ultra is a powerful concentrated general-purpose cleaner for all smooth surfaces, containing a light scent. This alkaline product is intended for the professional cleaning of refrigeration and air conditioning equipment: heat exchangers (evaporators, condensers) etc.

Its cleansing and degreasing power eliminates dust, grease and other dirt, optimising the heat exchanger's heat transfer and restoring performance.

### FRIONETT® COIL /CONDENSER / EVAPORATOR CLEANER

Cleaning and degreasing power cleaner

Concentrate

Ready to use

Frionett® Coil Cleaner Concentrate or Ready To Use (RTU), is a powerful product intended for the intensive cleaning and degreasing of coils (eg fan-coil, VRF, VRV).

Frionett® Condenser Cleaner Concentrate or Ready To Use (RTU), is a powerful product intended for the intensive cleaning of outdoor pollutants from the external units of air-conditioning and refrigeration systems

Frionett® Evaporator Cleaner Concentrate or Ready To Use (RTU), is a powerful product intended for the intensive cleaning of indoor pollutants from air-conditioning and refrigeration systems.
