

ACITEST UNIPRO

An on-site acidity test for oils, Acitest UNIPRO has replaced Acitest and Acitest Universal, and this product does not contain TOLUENE (now classified as CMR) or any other substance harmful to humans.

Acitest UNIPRO enables the acidity of the oil to be determined on-site, by giving one of the following indications of its condition:

GOOD / BORDERLINE / ACID

BENEFITS OF ACITEST UNIPRO:

- ✓ A new formulation developed within the Dehon group – this product can be tested on a number of different refrigerant oils contained within an installation including:
 - Mineral (MN)
 - Alkylbenzene (AB)
 - Poly alpha olefins (PAO)
 - Polyolester (POE)

- ✓ A longer expiry date makes stock management easier – this product has a shelf life of 2 years as opposed to 6 months in previous versions
